

Electro-Dumper

ED120

Technical Data

Type ED120

Dimensions (mm)	Length	Width	Height
ED120 incl. tray	1400	780	930
ED120 incl. flatbed tray	1400	780	930

Drive	electric
Electric tension	24 V
Power	230 W
Climbing ability	max. 35 %
Torsional	89 Nm

Operational specs.	
Weight	42 kg (incl. battery 7kg)
Max. Payload	120 kg
Capacity	115 ltr.
Dumping device	mechanical
Operating time	ca. 3 – 5 h
Working speed	0 – 3,5 Km/h
Tyre front	forward, progressively adjustable 4.80-8

Series fabrication type
tray 115ltr.
battery maintenance free 24V / 10Ah
charger external
hub drive incl. disc brake
handbrake

Optional accessories
flatbed tray: dimensions L92-100cm W71-78cm
snow blade 740mm incl. special rubber strip and adapter
snow chain

- battery removal without tools
- hub drive incl. disc brake

- infinitely variable speed control
- On/Off switch
